## ANNOUNCEMENT N° CSGI-18/16

### **Position for researcher within the Project NANORESTART (NANOmaterials for the REStoration of works of ART), financed by European Programme Horizon 2020.**

The Centre for Colloid and Surface Science (CSGI) is the Coordinator of the European Project "NANORESTART" (646063) (NANOmaterials for the REStoration of works of ART), financed by the European Programme Horizon 2020, call NMP-21-2014 "Materials-based solutions for protection or preservation of European cultural heritage". NANORESTART is aiming at the development of new technologies for the conservation and restoration of modern and contemporary art.

The fellow will have the possibility to work at world – class scientific level in multidisciplinary and international teams to achieve a breakthrough in the area of nanosciences applied to conservation of cultural heritage.

#### Time period:

1 January 2017 – 31 December 2017

#### Job Requirements

CSGI is looking for young talented individuals with PhD degree in Chemistry or Science for the Conservation with the following profile:

Interaction between polymer films of interest in conservation science with solvents & complex fluids studied with confocal microscopy technique.

Gross salary up to Euro 28.000,00 (for the time period above specified) depending on qualification.

Further details may be obtained by writing to Piero Baglioni ([segreteria@csgi.unifi.it](mailto:segreteria@csgi.unifi.it))

All candidates must send by email no later than 20/12/2016 to [segreteria@csgi.unifi.it](mailto:segreteria@csgi.unifi.it) :

1. "curriculum vitae et studiorum" and list of publications;
2. degree certificate in free paper with the scores of each exams and final evaluation;
3. Ph.D. certificate in free paper;
4. list of all titles and documents that can be relevant for the selection.
